

# Panasonic KX-UT113

## Device overview

The Panasonic KX-UT113 enhances personal communications through Panasonic's reputation for design, quality, reliability and care for the environment. Along with easy access to powerful MiCall features and applications, the KX-UT113 provides an exceptional user experience.

### Highlights and key features

- Up to two SIP accounts with MiCall application integration
- Plug-and-play – HTTPS secure, remote automatic provisioning
- One 10/100M port, PoE
- Eco friendly, low power consumption
- Power source PoE/optional KX-A239 mains adaptor
- Supports G722 (HD Voice), G711 and G729 codecs
- 100-entry phonebook
- 2.5mm headset port
- Three-line clear LCD 242 x 55px display with six contrast levels (no backlight)
- Easy to use business telephony features such as extension dialing, call hold, transfer, conference, speakerphone, mute and voicemail integration
- Audio volume – eight levels for headset, handset and speakerphone, six levels for ringer (plus Off)

### Secure provisioning

The Panasonic KX-UT113 is a MiCall auto-provisioning device, using HTTPS/SSL to securely configure information between the user and service provider. This provides a highly secure mechanism for the service provider to remotely manage the phone/user configuration.
